

Sangametha

UI DESIGNER & DEVELOPER

I am a UI Developer with over 5 years of experience in UI/UX design & development. I have a strong understanding of user experience (UX) and a passion for creating clean, efficient, and user-friendly interfaces. My expertise includes Figma, Adobe XD, HTML, CSS, Bootstrap, and React, along with a solid working knowledge of responsive design principles.

EXPERIENCE

Rajarathina Digital Solutions | UI Designer & Developer

June 2021 - Present

Worked as a UI Designer & Developer, creating clean, user-friendly, and responsive UI designs for both mobile and web applications. Designed high-fidelity prototypes using Figma and Adobe XD, and developed front-end interfaces with React, HTML, and CSS to ensure a seamless user experience.

Yovan Technologies | UI Developer

Feb 2020 - April 2021

Worked as a UI Developer, designing and developing user-friendly and responsive interfaces for mobile apps and web applications using the Ionic framework. Focused on creating seamless and interactive UI experiences to enhance usability and performance.

EDUCATION

Bachelor of Information Technology

Sengunthar College of Engineering | 2016 – 2020 (CGPA 7.12)

PROJECTS

1Super App (Shop)

UI Designer & Developer | shop.1superapp.com

This web app was designed for food and e-commerce businesses, including admins, sellers, products and delivery services. Created high-fidelity wireframes, prototypes, and responsive designs using Figma. Created user-friendly UIs for mobile and web. Implemented a fully responsive design, ensuring compatibility across mobile, tablet, and desktop devices. Ensuring a seamless user experience across both mobile and desktop devices. Implemented A/B testing and usability testing to refine the design based on real user feedback.

Technologies Used: Figma, Adobe XD, React js, Html, CSS, Bootstrap, Material UI.

Responsive Website Pages

UI Developer

I developed responsive pages for multiple websites, ensuring compatibility across mobile, tablet, and desktop devices.

Technologies Used: Html, CSS, Bootstrap.
